NILES MAN ESCAPES DEATH WHEN FREIGHT TRAIN DEMOLISHES CAR

Auto Skids Off Road and Lands On W. P. Tracks.

Escaping being mangled to death under the wheels of a speeding freight train by only a few moments, Charles Ellington, of Niles, experienced the thrill of his life about 11:30 Monday night when his car left the highway in Niles canyon and dropped approximately twenty feet to land on its side on the Western Pacific railroad tracks close to the north end of Tunnel No. 1, where it was struck by a south going freight.

Ellington had barely gotten out of the car when the freight train moving at a fast rate of speed crashed into his machine and carried it about 700 feet and almost through the tunnel before the engineer could bring the locomotive to a stop. The car was entirely demolished by the impact.

Wet pavement was blamed by Ellington for his car leaving the road. He was traveling toward Pleasanton at approximately twenty miles an hour when his machine suddenly skidded and plunged over the bank, turning over three times before landing on the concrete wall at the bottom and then dropping to the railroad tracks.

Ellington was uninjured, except for a slight scratch on the leg.

The freight train was coming from Pleasanton but Ellington's efforts to flag it before it hit his car were futile. The machine was covered by insurance.

PROPOSE PRISON FARM SITE IN OAKLAND

Rumors that the proposed prison farm which is to be established to alleviate overcrowding at the county jail in Oakland was to be located in Washington township were set at rest at the regular meeting of the board of supervisors, last week, when Sheriff M. D. Driver submitted an offer of a site at the foot of Jones street in Oakland.

The tract is made up of forty-seven acres of land, and is owned by Arthur Pollard. The board took the offer under advisement.

Ask Bids For New Niles Postoffice Lease

With the present lease of the Niles post office expiring on April 17, 1932, offers are now open for competitive bids on a new lease. Proposals to lease postoffice quarters under a new lease will be accepted by W. H. Hudson, post office inspector at San Francisco, Calif., up to and including December 23, 1931.

Anyone wishing to submit a proposal can get the necessary blank and specifications from the postmaster at Niles.

Mrs. W. H. Ford spent last week in San Francisco.

WATER DISTRICT HEAD EXPLAINS SITUATION IN REGARD TO BOARD

*** ***

DEFENDS DIRECTORS' WORK; HAS HOPE FOR IMPROVEMENTS

Editor Township Register.

Dear Sir: There have been sent in to you, and you have published in late issues, a couple of articles concerning affairs of our water district which I, as president of the board of directors, can not let pass without some sort of correction, because they, whether intentionally or not, will surely give a very wrong idea of what has been done by the directors and officials of the district during the last twenty years or so to those who do not know the facts.

First of all there are and can be no secret official proceedings of the board of directors of Alameda County Water District.

We are public officers and all official action must be taken at some public place, and such meetings are announced and the public is invited to be present, and I am sure the directors will be glad to have the citizens of our district come and join in discussions of the matter that comes up. As long as I preside I will see that all shall have a hearing. I will not allow wrangling or unreasonable argument, however.

Now as to what has been done. Away back in 1913 I believe it was some of us began to realize that we were being threatened with the loss of all the water supply of the valley. The Spring Valley Water company was, year by year, taking an increasing amount for use in San Francisco, and was now planning the Calaveras reservoir which would enable them to take a vastly increased amount, and we knew that if we did not get something done very soon

TOWNSHIP MEN SET FOR GALA EVENING AT CHRISTMAS JINX

San Franciscoan To Be Principal Speaker At Affair

With a full program of music, speakers, and other entertainment already arranged, indications point to a big night for the annual Christmas jinx of the Men's Club, of Washington township, to be given next Monday evening, December 9, at the Niles Veterans' Memorial building.

Edward Healey, a prominent San Franciscoan, has been secured as the chief speaker of the evening. Other highlights include a humorous skit to be presented by R. M. Moore, W. E. Gravestock, A. B. Hill, and B. L. Webb, all of Washington Union high school faculty

An enjoyable musical program will be provided for the affair under the direction of Tolin Gilson.

Members of the Niles American Legion post will sponsor the dinner.

Niles P.-T. A. To Meet Tuesday at School

The regular monthly meeting of the Niles Parent-Teachers' Association will be held next Tuesday, December 8, at the Niles Grammar school. Miss Bunker's fifth grade class will present a program for the entertainment of the members present.

MAN INJURED IN NILES CANYON WRECK

Leonard W. Thorson, of Stockton, suffered severe forehead lacerations and a sprained left wrist when his car struck a telephone pole on this side of the second bridge in Niles canyon Tuesday afternoon, November 24.

Thorson lost control of the car as he was rounding a turn, and it left the road to crash into the pole . The machine was badly wrecked.

Thorson was treated in Niles by Dr. E. C. Grau.

Eugene Justus left this week for a two weeks' vacation which will be spent at the home of his sister and brother-in-law in Long Beach. Rex Roylessey is working in his place at the Niles MacMarr store.

Loyal Woman Loses Battle To Maintain Water System

A pathetic tale of a losing fight that was being waged by a loyal woman was brought to light recently when the state railroad commission authorized Mrs. Rose Telles to discontinue the water system she has been operating in the vicinity of Mission San Jose.

Investigation by the commission revealed that the system, which is historic in the annals of Alameda county, has been maintained in spite of both a water and financial shortage. Despite these handicaps, Mrs. Telles has insisted that the supply to the parish priest of old Mission San Jose, interrupted since the early seventies, be continued. The system was actually only serving but two consumers, namely the parish priest and Mrs. Telles.

Commenting on the situation, the commission's decision said the following:

"The situation here is indeed most desperate. The consumers appreciated the fact that manifestly it would be unfair and unreasonable to expect or require the widowed applicant to replace the pipe lines and bring in water from possible outside sources solely at her own expense. According to her testimony she is wholly without sufficient funds even to stand further out-of-pocket losses incurred through the purchasing of water and delivering it to the consumers, and in this connection she has stated her willingness to give free of charge all of her interests in the pipe lines and distributing system, excepting the well and such lines as are located upon her own premises, to the consumers or to any one who will assume the responsibility of furnishing water to the community. To date none of the consumers have been willing to accept this offer. Under such unfortunate circumstances there is no course open to this Commission other than to relieve Mrs. Telles of her existing public utility obligations and duties.

"As a remedy for the water problem in this community which has been critical for several years last past, it is suggested that the citizens of Mission San Jose form either a county water district as is provided for under and by virtue of the laws of the state of California, or organize a co-operative, or mutual water company to make available as far as possible, an adequate and satisfactory water system for the town. The evidence presented indicates that the present water secured from Gallegos is both temporary, undependable and insufficient in quantity and that a water supply from Irvington at this time presents the best and most encouraging solution other than individual wells for each consumer."

MARIONETTE SHOW TO BE PRESENTED AT NILES SCHOOL

Christmas Vacation Will Last Two Weeks This Year

A marrionette show will be given in the Niles Grammar school auditorium Friday afternoon, half of the proceeds of which will go toward the school treasury. Everyone has been invited to attend. The admission charge will be ten cents. The show begins at one o'clock.

Christmas vacation for the grammar school pupils this year will not be as long as last year. The school will close on December 18 and resume immediately after the beginning of the new year. Teachers' Institute week will take place during the vacation, thus making the vacation shorter than usual.

Plans for a big Christmas program to be staged at the school just before vacation are rapidly going forward, under the direction of the various teachers.

Last Wednesday the fifth grade presented a Thanksgiving pro gram for the entertainment of the pupils.

At the last meeting of the school board of trustees it was decided to repair the school piano, which has been giving trouble of late.

Attention Called To Water Board Meeting

J. C. Shinn, president of the water board for this district of the county wishes to call the attention of the public to the meeting of the water board directors to be held Saturday afternoon at 1:30 o'clock in the old Centerville bank building at Centerville. These meetings are open to the public.

SUNDAY DINNER

Mr. and Mrs. Joe Oliver entertained at dinner Sunday for Mr. and Mrs. Al. Anderson, Mr. and Mrs. L. Anderson, of Oakland; Miss Margaret Birch, of Salinas, and their son, Leo, who was home from the University of California. The two Mrs. Andersons are Mrs. Oliver's nieces.

Mr. and Mrs. Frank Duarte and Mr. and Mrs. R. Cozzi attended an Oakland theater Saturday night.

NILES CHAMBER SEES MOSQUITO ABATEMENT LEAGUE A CTIVITIES

Organization Strives To Eliminate All Breeding Places.

How the malaria germ develops in the malaria mosquito and is transferred to the human body through the bite of the insect, how the malaria mosquito breeds in the swampy lands, and what the Alameda County Mosquito Abatement League has been and is doing to combat the nuisance were vividly portrayed to members of the Niles Chamber of Commerce at their Tuesday session when films showing the league's work were flashed upon the screen.

H. A. Gray, in charge of the mosquito elimination work in Alameda county, and R. Bendel, also connected with this work, were in charge of the pictures.

The first part of the films was devoted to the malaria mosquito and revealed the process of malarial development. After biting a malarial patient the mosquito assimilates the malarial germ into its stomach where it develops and multiplies rapidly. It then passes though the walls of the mosquito's stomach and gets into the saliva glands, from which it is carried into the blood of the human being through the insect's bite.

Ellmination of the mosquitos' breeding places is the object toward which the efforts of the league are directed.

This is accomplished by draining stagnant marshes, regrading ditches so the water will move freely, lining irrigation ditches with concrete to prevent any seepage, planting mosquito fish and gold fish in water where mosquitoes breed, and by spraying the water with oil. Oil is sprayed when it is not possible to drain the marshes, according to Gray.

Interesting pictures of these methods being carried on in this county were shown, and an element of local color was added when well known Washington township individuals were seen at work.

Gray explained that there are several types of mosquitos, while only one type carries the malaria germs. Although there are six kinds prevalent in Alameda county, the malaria mosquito is not

PROSPECTS BRIGHT FOR COMPLETION OF MAIN STREET EXTENSION

Expect Decision From the Board of Supervisors Soon.

Developments during the past few weeks on the question of the extension of Niles Main street to its proposed objective of junction with the Alvarado road seem to give assurance that the project will go through as quickly as possible.

Last week, F. V. Jones and Harvey Braun, members of the Niles Chamber of Commerce road committee, which has been devoting a great deal of time and effort of late toward getting actual work started, conferred with the county board of supervisors, and also turned in the road petition. The board sought the advice of District Attorney Warren as to what will be the best procedure to follow in regard to the road question, and have withheld making any decision until this advice has been submitted.

Up to the latest reports, what the advice of the district attorney is and what action the board of supervisors are going to take is not known, but it is expected the matter will be definitely settled within the very near future. It is very probable the board may make some decision at their regular meeting today in Oakland.

LARGE SACRIFICE SALE OF SHOES AT SCOTT'S STORE

Beginning Friday morning at 9 o'clock, December 4, one of the most spectacular selling events the community of Niles has ever experienced will take place when the entire stock of Scott's Shoe store in Niles will be sacrificed to the mercy of the buying public.

$12,000.00 worth of Men's, Women's and Children's high grade dependable shoes from the best makers in America at almost unbelievably low prices will be disposed of during this epoch-making event. One of the greatest opportunities ever offered Christmas shoppers will be made available through this great sacrifice in prices.

It is not a sale of merely a few specials, but a clean sweep of the entire stock of the shoe store. Everything without exception or reserve will be on the market. Necessity has forced the Scott Shoe store to make tremendous reductions in all prices, which are expected to shatter all bargain records.

In addition to all kinds of shoes, several grades of high grade pure silk hosiery for men and women, and leather belts and gloves also will be sacrificed to the public.

W. E. Scott has been in business in this community for over twenty-four years and is favorably known throughout this entire section.

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

A FREE-FOR-ALL FIGHT

Phil Swing has announced his candidacy for the United States senate, as forecast in these columns weeks ago. He is entering a contest that will prove very difficult. The whole political set-up is confusing. Four candidates will be in the field—Shortridge, Tubbs, Crail and Swing. Two come from San Francisco, one from Los Angeles and one from Imperial-San Diego district. Two are admittedly wet, one nominally dry, the other uncompromisingly for the Eighteenth amendment.

The campaigns, as the writer understands them, will be fought upon two points—sectional strife and prohibition. The south believes, and with not a little justification, that southern California is entitled to a seat in the upper branch of the national legislature. The north has held both senatorships for so many years that one man in a thousands could not name a senator who lived south of the Tehachapi. That section, naturally, will eventually line up pretty solidly behind either Swing or Crail.

In the north, the section-consciousness is not so keen. We up here will be more apt to vote for the man and what he advocates than for any sense of loyalty to north central California.

The wet and dry issue cannot down. It will be the outstanding feature of the summer campaign. The state is dry. It has voted dry in every instance when the principle of prohibition was clearly at stake. No openly avowed saloonist can hope to win. No man, however clever he may be, can camouflage his platform to include light wines and beers without envisioning in the background the corner saloon. It is there. The specious plea for beer and light wine is but an opening wedge to a return of the old order of things—and the old order of things is not going to return.

We would like to see the campaign settled on principles of progressive republicanism. But that will, we are sorry to say, not be the case. The public is indifferent toward political economy, statesmanship and loftiness of leadership. It is an insipid period of American history, and almost any kind of a political monstrosity may be wished upon the public, and without complaint.

However, in the senatorial contest, the state will not suffer. All of the candidates are good men as a whole. Whoever wins, the Republic will live.

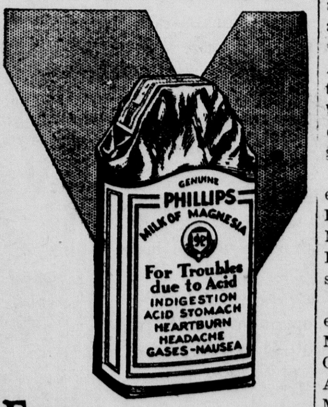
ACID STOMACH



EXCESS acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention.

One spoonful of Phillips Milk of Magnesia neutralizes instantly many times its volume in acid. Harmless, and tasteless, and yet its action is quick. You will never rely on crude methods, once you learn how quickly this method acts.

Be sure to get the genuine. "Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

NILES MAN GIVES LARGE AREA AS GAME REFUGE

The vast tract of land consisting of several thousand acres in Washington township belonging to O. E. Walport, of Niles, and two sisters has recently been turned over to the state game commission to be used as a game refuge, according to an announcement made by Walport last week.

The large area will be kept free of hunters and all game on the land will be protected. It will be used mainly for quail protection.

NILES WOMAN HAS IDEA REALIZED AS BASE WORK BEGINS

Mrs. J. R. Whipple Gets Credit for Location of Sunnyvale Site

With the beginning of the driving of 1000 piles to support the huge dirigible hangar at the United States lighter-than-air craft base near Sunnyvale last week, realization of a project to which credit for organization has been given to Mrs. J. R. Whipple, of Niles, seems assured.

Mrs. Whipple first began her tireless efforts to secure air craft base for Sunnyvale in 1928, and despite formidable obstacles was largely responsible by waging a tenacious battle in getting the government to locate the site at Sunnyvale.

The hangar when completed will house the gigantic Akron, largest air dirigible in the world, which was recently completed in Ohio. The structure is expected to be completed by March of next year when dedication ceremonies will be held. An estimated crowd of approximately 250,000 is expected to be on hand to witness the dedication.

Work of driving the piles of heavy concrete is going on under the supervision of Lieutenant-Commander Edward L. Marshall, of the United States navy. Appromixately fifty acres of ground are being leveled and smoothed by four power scrapers and a huge excavating machine. About 200,000 cubic feet will have been moved when the work is completed.

A vast concrete area the length of a city block, and the width of the three blocks will comprise the hangar floor. A temporary mooring mast will be constructed next month, seventy-seven feet high and made of eighteen-inch pipe. It will have a circular track surrounding it at the base with a 634-foot radius.

The offce building at the airbase site is nearly completed, and a garage behind it has been started.

DINNER SHOWER HELD AT MISSION FOR BRIDE-ELECT

Mrs. Joseph Fernandez, Mission San Jose, and Misses Madelyn and Geraldena Rogers, of Manteca and Geraldine Rogers, of Maneca, acted as co-hostesses at a kitchen shower last week honoring Miss Agnes Rogers who is to become the bride of Frank Shields, of Sebastapol, in December. Miss Rogers was the recipient of many gifts.

The main diversions of the evening were whist and dancing. Honors went to Mrs. Mary Rogers, Mrs. Anna Lewis and Miss Lydia Dias. A delicious supper was served.

Those present were Mrs. M. Rogers (mother of the bride-to-be), Mrs. Laurence Rogers, Mrs. Emily Garcia, Mrs. Gertrude Souza, Mrs. Anna Lewis, Mrs. Frank Silva, Mr. and Mrs. Joseph Fernandez, Miss Viola Souza, Clifford Hutton, Charles Boggine, Matt. Whitfield, Jr., Misses Barbara, Edith, Eva Rogers, Lydia Dias, Peggy Whitfield, Ida Sequeria, Madelyn and Geraldean Rogers.

Mrs. Wesley Rudy and children, Audrey and Wesley, visited with her mother, Mrs. Isabel Perry.

***

Miss Elva Santos enjoyed a week's vacation with friends in Stockton.

***

Mr. and Mrs. Joseph Dutra attended a theater party in San Jose recently.

Mr. and Mrs. Jack Rogers and their daughter Joyce, and Alfred Rogers, of Manteca, visited with friends at Mission over the weekend.

***

Miss Angelina Fogundes motored from San Francisco to spend Thanksgiving with her parents.

***

TOO LATE FOR LAST WEEK

Mrs. Peter Schultz and Mrs. Earl Vance visited with Miss Agnes Rogers recently.

***

Witness of the big game at Palo Alto was Laurence Rogers.

***

Mr. and Mrs. Whiterly, Sr., entertained friends from the East Bay after the big game, at their home.

***

Mr. and Mrs. John Feliciano entertained the members of their family at a duck dinner Sunday night.

THANKSGIVING DAY IS FETED AT MISSION

The old-fashioned Pilgrim custom of feasting on Thanksgiving day, bringing forth all the abundance of the year's harvest still prevails in these modern times. Starting out in the early morning to give thanks to God and then returning to their homes to celebrate with their Indian friends.

The families carrying out this idea were Mrs. Sarah Boggins, who had all her children with their families at her home for a turkey dinner.

Mrs. Cassie Whitherly and family who journeyed across to San Francisco for her turkey.

Mrs. Bella Parry and daughters motored to Oakland to feast with her daughter, Mrs. Wesley Rooney.

Mr. and Mrs. M. Rogers held a reunion in the afternoon, gathering their children and families together.

FAREWELL PARTY GIVEN IN HONOR MR. AND MRS. SEPPI

Recently a farewell party was given to Mr. and Mrs. Frank Seppi and family, who are to make their home in Stockton, by the Misses Edna and Verna Santos and Eva Rogers.

The evening was spent in dancing and games. At midnight a delicious lunch was served. Those attending were:

Mrs. Helen Santos and family, Mrs. Rogers and family, Mrs. Frank Vargas and family, Mrs. M. Telles, Edna Callahan, Frank Vargas, John Maderios, Roy Goularte, M. Fontes, of Mission. Others came from Mt. View, San Jose, Milpitas, Warm Springs, Niles and Pleasanton.

Asulikit Holds Meet With Mrs. Mosher

The Asulikit club held a successful meeting with Mrs. Mosher on Tuesday. The afternoon was enjoyably spent in cards, with the honors being carried away by Mrs. W. Bourner, and the consolation award going to Mrs. Brown. The next meeting will be held on December 8 with Mrs. F. Bunting.

Drawbridge Resident Is Fined On Battery Charge

The "newly discovered" town of Drawbridge came into prominence again last week when William Holden, of that place, was fined $25 in the Centerville justice court by Jodge Allen G. Norris, on charges of battery.

TRIAL DECEMBER 8

Trial for Mary Halwick, arrested on liquor charges in Warm Springs two weeks ago, has been set for December 8 in the Centerville justice court. She had formerly pleaded not guilty to the charges.

CENTERVILLE CLUB LOSES NO TIME IN EFFECTING PLANS

Pavement Widening by School Completed In Fast Order.

The efficiency of the Centerville Lions club in effecting civic improvements was evidenced during the past week when its initial undertaking of widening the pavement in front of the Centerville Grammar school was completed a week after it had been brought up at a meeting of the organization.

At that time Frank Madruga, vice-president of the Lions, was made chairman of a committee to look after the matter, and he lost no time in consulting Supervisor Ralph Richmond. After the necessary survey had been completed, county road crews arrived on the scene and by last Wednesday noon the job was finished, a credit to the newly organized Centerville group.

Efforts are being made by the Lions to assimilate the Centerville Athletic club, as members of one organization are mostly members of the other.

At the meeting of the Lions held last night this was one of the chief topics of discussion. Building of a swimming pool at the Washington Union high school and other proposed civic improvements also came up for lively discussion.

J B. Hill, member of the high school faculty, delivered a talk on Events in Manchuria at last night's gathering.

At the next meeting of the Lions on December 16, the Livermore Lions club will be present to take charge.

WASHINGTON HIGH WINS FROM HAYWARD TO TIE FOR LEAGUE HONORS

Sekigahama Stars In Nineteen to Ten Hoop Victory.

With Harry Sekigahama tossing the ball through the net from all angles of the court, Washington Union high school's Class C basketball cagers captured a 19 to 10 victory from the Hayward quintet in the Washington high gymn Monday afternoon.

The sharp shooting Sekigahama netted fifteen of his team's total. Koga who was sent in by Coach Regli in the second half to guard Machado, Hayward's star forward, held his man scoreless.

The game began with a rush and Hayward rolled up a 5 to 0 lead before the Washington hoopers found themselves. At the end of the first period, however, the Cornhuskers had knotted the count at five all, and led 10 to 7 at half time.

During the second half with Hayward's big gun silenced the Cornhuskers had their way throughout and were never threatened. The Farmers tallied only three points during the entire second canto, due to the splendid defensive work put up by Coach Regli's men.

As the result of Monday's win the southern Alameda county Class C basketball league ended in a three cornered tie, with Washington, Hayward, and Livermore having the same number of wins and defeats. Playoff for the championship will come in the near future.

LIVERMORE WINS

The Washington Class C hoopers lost a heartbreaking contest to Livermore a week ago Monday by the close count of 28 to 24.

The Cornhuskers held a sevenpoint lead up until the last three minutes of play when Livermore staged a furious offensive which brought them out on the long end of the score when the gun barked the finish of the game.

Practice for the unlimited weight basketball team has been going on daily, but Coach Regli is far from satisfied with the prospects for winning five this year. The Class C boys also have been undergoing practice sessions in preparation for the league opening in January.

GUILD TO MEET

St. James Guild will hold their regular meeting on December 9 at Memorial hall, with Mrs. Oakes and Mrs. E. Stevenson acting as hostesses.

J. V. Moore was in San Jose over Thanksgiving.

HIGH SCHOOL NOTES

Bert Hartwell, chief naturalist of the state forest service and former Berkeley high school principal, will be the speaker at a special assembly to be held in the high school auditorium Friday afternoon.

The sixth, seventh and eighth grades of the Niles, Irvington, and Centerville grammar schools have been invited to be present at the assembly.

At the gathering, calls will be made for those present to make any donations they can toward a fund, which will go to help the starving school children in Porto Rico. Porto Rican children are in dire distress and a drive is under way to obtain aid from school children throughout the United States.

A handsome baseball trophy has just been received at the high school. It was won by the Washington nine last season when they captured the Northern California Section Interscholastic baseball championship.

TWO INJURED WHEN CARS HIT NEAR CENTERVILLE

Two persons were injured and two cars badly wrecked early Sunday morning at Machado Corners in the Alviso district when "Curley" Caton, of Newark, crashed with terrific force into a car driven by J. Lalame, 2023 Twelfth avenue, Oakland.

Caton suffered a broken jaw and Lalame's wife received severe wounds to her face, which required forty-three stitches to close.

Caton claimed he fell asleep at the wheel. He is said to have been on the wrong side of the road at the time of the collision.

The entire front of Lalame's machine was battered in.

CENTERVILLE HIGH ORATORS VICTORS IN TWO CONTESTS

Debaters Take Decisions From Hayward and Emeryville.

Washington Union high school's debate squad appropriately opened the season by emerging victorious over both Hayward and Emeryville high schools Tuesday afternoon.

The subject debated was "Resolved That a System of Complete Student Self Government Should Be Established in the Public High Schools of the State of California."

Billie Dick and Mildred Durham were the Washington students who defended the affirmative side of this argument against Emeryville, at the Washington high school auditorium. They won the decision 2 to 1.

The negative team made up of Alma Bettencourt and Francis Anderson journeyed to Hayward and took a 3 to 0 decision.

W. E. Gravestock is the high school debate coach.

Today's Scripture LESSON

By Rev. John R. Stevenson

Behold, I am with thee, and will keep thee in all places whither thou goest.—Gen. xxviii:15.

Be quiet, soul;
Why shouldst thou care and sadness borrow,
Why sit in nameless fear and sorrow
The livelong day?
God will mark out thy path tomorrow,
In His best way.

CENTERVILLE BOY BURNED FROM EXPLOSION

Eugene Pebelier, of Centerville, suffered a severely burned arm and burns on one leg last Sunday night on the H. E. Dusterberry ranch near Centerville as the result of a gas tank explosion. The youth had lit a match over the tank of a car while trying to discover if there was any gas in it.

The explosion set the car afire and only quickness on the part of the Centerville fire department prevented the blaze from destroying the barn in which the car was housed. The fire also was checked before it did a great deal of damage to the machine.

Bargain Prices on Monarch, L&H, and Estate electric ranges ...installed... *including all wiring*

Holiday Special...
Monarch electric range
$\$183^{00}$
installed ready to use ... *including all wiring*

[Terms Can Be Arranged]

THE PRICE of this Monarch electric range includes all necessary wiring. We can offer you this bargain because the manufacturer, the jobber, your dealer, and the P. G. and E. have agreed to cut their profits, making this extremely low price possible. Never before has such a fine electric range been offered installed in your home for so little. Profit is sacrificed to encourage the purchase of electric ranges for Christmas.

Why not benefit by this bargain and have a Monarch electric range installed now?

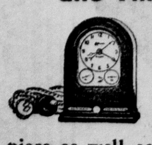
This range possesses the same fine qualities that have always distinguished the Monarch electric ranges.

One cent a meal per person to cook with electricity

Cooking with electricity is economical. Our records show that the average cost is but one cent a meal per person. Then too, electric cooking is clean. Speed is assured by the up-to-date cooking elements.

Stop in and see the new ranges. We are offering bargain prices on the Monarch, L&H, and Estate electric ranges. Prove to yourself that quality is built into every part of each range. Special prices including wiring are good only until Dec. 31. After this date, electric ranges will be sold for regular prices which are considerably higher. So come in now and find out how much the bargain price saves you. Terms can be arranged that will not interfere with your Christmas budget.

Electric Clock and Time Control



Extra outlet on the back of the electric range enables you to use this electric clock. It requires no winding. It is a time piece as well as a time control for your range. With this time control, you place your dinner in the oven in the morning, set the controls and you are free for the day. The temperature control, which is included with the electric range, keeps the oven temperature just right. Electric clock and time control is extra.

NOTE: The above price of $183.00 will apply only on sales for single residences, with first floor installations and open basement, and where electric service is supplied by overhead construction. On other installations the customer will be charged the installation cost in excess of $50.

MORE ON WATER HEAD

(Continued from Page One)

they would get proscriptive rights to their increased amounts, and own practically all the water of Alameda creek, as the East Bay Water company owned the water, some 8,000,000 gallons daily they were pumping near Alvarado, simply because they had taken it long enough. Such is the law.

What to do? Well we had to have a good attorney who was posted on the water law, and we had to have a good engineer who was well informed on all water matters and who could go out and make an exhaustive study of well levels, water flow, percolation, and everything connected with the water supply for the wells of the valley; then we were able to decide what we should have to do to protect the farmers and householders in their rights. Our attorney suggested the idea of a water district, but there was no state law for the formation of such a district, and he had to draw an entirely new law covering the very complicated issue in hand, and this the legislature passed.

After our engineer had made a very careful examination of water conditions in this region, made hundreds of well measurements, recorded the pumping in the region, the stream flow in Alameda creek, and other streams, seepage into the various stream beds, estimates of the water being taken from this region by the water companies, and gathered an immense amount of information which was also in preparation for an expected suit, to enjoin the Spring Valley Water company from building the Calaveras reservoir, we decided what part of the valley was most directly affected and drew the outlines of the Alameda County Water District, and when the voters understood the points at issue they gladly voted to form the district according to the new law.

We have had suits going of some kind much of the time since the district was organized, but the most important matter of all, concerning the flow of Alameda creek, was settled through the state water commission, and the Hayward company has restricted, or practically abandoned the pumping near Alvarado, and the district voted the bonds and bought the right that the East Bay Water company had acquired to pump water in the same region, and stopped that.

In buying these rights to pump water, which the East Bay company had acquired before we woke up to the conditions, we had to take their old and decrepit system of pipes for the distribution of water to various parties in Newark, Alvarado and Mount Eden and various points between, and we have to supply all the parties whom they formerly supplied, but no others unless we desire to do so. As a matter of fact we have taken some more new parties on, and our engineer has been at work month after month repairing, remodeling, and improving the various lines of supply until now, in all these regions the people are getting far better service than they ever had with the old companies. All this has cost the district a lot of money, and it will cost a lot more to bring this work up to what the district directors desire, but it can be done in time.

The directors of the water district have had a long fight to protect the water supply of the valley, but they have succeeded, for, in spite of a period of some eight years when the rainfall has been less than normal and the pumping for irrigation and house use and other uses has vastly increased, there is still water in all wells that are deep enough, and, with the great pumping at Alvarado stopped we feel sure that with a reasonably wet season there will be a material gain of the water table throughout the district.

Of course, we hope that when San Francisco gets its supply from the Sierras the local streams will be left to the local uses except in emergencies of some kind.

J. C. SHINN,
President Board of Directors, Alameda County Water District.

CHILDREN CRY FOR IT—

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. And this pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads.

When Baby's cry warns of colic, a few drops of Castoria has him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from clogging.

Castoria is sold in every drugstore; the genuine always bears Chas. H. Fletcher's signature.

ESCAPE OF REFORM SCHOOL IS CAUGHT AT PLEASANTON

Constable Al Vervais Picks up Youth With Stolen Car

As the result of an accident near Santa Rita on the Livermore-Oakland highway, Tony Garcia, who escaped from the Preston School of Industry at Ione and stole a car at Galt, was arrested by Constable Al Vervais, of Pleasanton, last Friday, at that place.

Vervais, who investigated the accident, saw that the youth fitted the descriptions received from the Preston school and brought the lad to the Pleasanton city jail, where he was held until representatives of the reform school came for him.

Garcia was driving a new Ford at the time of the accident and had with him a boy from San Francisco, whom he picked up at Stockton. He was sent to Preston for a robbery committed in Los Angeles county.

PLEASANTON HONORS PROMINENT DECEASED RESIDENT AT FUNERAL

Services for Andrew M. Kamp Are Beautiful and Impressive

One of the largest funerals held in Pleasanton was conducted last Sunday afternoon for Andrew M. Kamp, who passed away at St. Paul's hospital November 19 after an illness of four months.

The number of friends at the funeral, the gorgeous floral offerings, and the thought and and care which must have gone into the preparation of the beautiful and impressive services testify to the esteem which the whole Pleasanton community held for Kamp.

Kamp was the son of H. N. Kamp, now of Hayward. He was born and raised in Pleasanton, being a prominent stock raiser at the time of his death. His love and affection for his wife and children were greatly admired by the people of the community. He was likeable, friendly, and upright—a man of his word.

At the Pleasanton Presbyterian church the simple Eastern Star services were conducted by Pleasanton chapter, of which Kamp was a past patron. Following these, Rev. R. C. Cross spoke on the man and his life. The funeral sermon followed and was delivered by Rev. John E. Stuchell, of Danville, formor pastor in Pleasanton. Mrs. Claude Smallwood and R. O. Moyer, both of Pleasanton, sang as a duet "Beautiful Isle of Somewhere." They were accompanied by Harry Tripp, of Pleasanton.

The Pleasanton Masonic Lodge, of which Kamp was a past master, conducted another simple service at the grave. Mrs. Smallwood and Moyer sang "Good Night''. Reverend Cross pronounced the benediction.

The deceased is survived by his wife, Elaine Kamp; three children, Merle, Helen and Everett; five brothers, Hans L. and Ed, all of Pleasanton, Carl, of San Francisco, Will, of Los Angeles, and Louis, of Danville; and three sisters, Mrs. Roy Hanna, of Pleasanton, Mrs. Albert Neal, of Oakland, and Mrs. L. Long, of Man-

MISSION TRAILS GROUP MAY BE LED BY NILES LADY

Organization Plans Greater Effort to Secure Tourist Travel

Plans for a greater concentrated effort to induce more tourist travel to the state of California have recently announced by the California Mission Trails Association, an organization devoted to the task of making the beauties of this state known to tourists.

In this connection, Mrs. J. R. Whipple, of Niles, has been asked by the president of the above organization, Frank Miratti, Jr., of Santa Barbara, to assume the chairmanship of the southern Alameda county branch of the association. Washington township is considered one of the attractions of the state because of the old mission located at Mission San Jose. This quaint old edifice has a colorful background and can boast of facts which are probably unparalled in the history of the state.

For instance, reliable authority has it that the bells at the Mission San Jose mission have never failed to ring for Sunday service since the structure was built in 1797. There have been services in the mission every Sunday since the initial service on that long past day, over 125 years ago.

CASTLEWOOD CLUB GOLFER TO ENTER NATIONAL MATCH

Contest To Be Held at San Francisco in December

Lawrence Elmstedt, a professional golfer at the Castlewood ounty Club near Pleasanton, was entered this week in the $7,500 national match play open championship to be held at the Lake Merced course in San Francisco beginning December seventh and ending on the thirteenth.

The national match play open championship, aside from the fact that it is the inaugural event of California's winter golfing season, is the only open match play event among the various winter tournaments. The winner of the tournament will receive $1,500 for first money.

one of them, said Gray. However, the others are a great nuisance and every effort is being made to stamp them out in the county through the work of the league.

Announcement was made by Robert Blacow of the annual Christmas jinx of the Men's Club of Washington township, to be held Wednesday night at the Veteran's Memorial building in Niles.

Clarence Perkins, a representative of one of the largest nurseries in the country, was present at Tuesday's gathering as the guest of William Kirk.

W. E. Glassbrook was appointed chairman to arrange for next week's gathering.

Tailoring to the INDIVIDUAL

Clothes of Character

SUCCESSFUL business men no longer consider hand-tailoring an unnecessary or expensive refinement. Compare the fine differences in appearance and fit of suits made definitely for YOU and not to the mold of a million others. There's character to tailored clothes—personality — comfort, lasting newness, and wearability. Well tailored clothes have style and distinction — successful men have learned to insist upon, for they realize it costs no more. A suit here will cost as little as you paid for a ready-made last year—it will render twice the pleasure.
